Welcome to our Dora brochure for 2021

Here's to returning to some sort of normality in 2021 and really hoping that the Trade Shows, namely Harrogate Home & Gift and Autumn Fair will proceed so we can catch up with our lovely customers and exhibit our latest additions to the Dora range.

We have introduced a new range to compliment the Pedigree dogs, surprisingly called the Pedigree Cats. There are currently 3 members in the range and we have used a coffee theme to name these doorstops – Cappuccino, Mocha and Espresso.

Something we have been asked for over a number years is a longer draught excluder and a heavy doorstop, therefore we have introduced these into the Posh traditional range in the grey and in the shape of hedgehogs. We have also added three heavy weight doorstops into the African range.

There are some other great additions throughout the brochure and please look back on all the items introduced in 2020 as with not showing these at tradeshows they did not receive the attention and marketing of past additions.

We have made the most of the 2020 by introducing a brand new trade website – it is the same website address but if you haven't done so already you will need to reset your password. Please visit www.doradesigns.co.uk. It is definitely the best, most efficient way to order and will provide you with lots of benefits which we will email with this brochure.

We wish you all the very best for 2021
